POZIVNICA

Poštovani,

Metalurški fakultet Sveučilišta u Zagrebu, Naravoslovnotehniška fakulteta Univerze v Ljubljani Oddelek za materiale in metalurgijo i Hrvatska gospodarska komora Županijska komora Sisak organiziraju jednodnevni **11. Znanstveno-stručni Seminar** pod nazivom:

„Suvremeni materijali, tehnologije i menadžment u ljevarstvu“

Seminar će se održati **23. studenog 2018. godine** u prostorijama Hrvatske gospodarske komore Županijske komore Sisak, Kranjčevićeva 16, Sisak.

U cilju jačanja konkurentnosti gospodarstva važne parametre predstavljaju izrada strateškog i zakonodavnog okvira za jačanje konkurentnosti gospodarstva, sektorska specijalizacija, poboljšanje poslovne klime i razvoj poslovne infrastrukture, promidžba i brendiranje prioritetnih sektora, promicanje ljevaonica kao poželjne investicijske grane uz pro-aktivni pristup investicijama, podrška razvoju i primjeni novih financijskih mehanizama za podršku gospodarstvu, jačanje izvrsnosti industrije i poticanje suradnje javnog, privatnog i znanstveno-istraživačkog sektora za razvoj i primjenu inovacija i novih tehnologija.

Cilj Seminara je atraktivnim predavanjima iz implementacije segmenata primjene suvremenih materijala, tehnologija te upravljanja cjelokupnom proizvodnjom dokazati dodanu vrijednost proizvodnje odljevaka. Razmjena iskustva doprinijeti će stvaranju vizije razvoja, identificiranju konkurentske prednosti te postavljanju strateških prioriteta svakog sudionika/tvrtke na ovom Seminaru.

Obzirom na relevantnost tematike, te gospodarskog značaja zainteresiranih subjekata, bilo bi nam zadovoljstvo kada bi pronašli interes i svojim aktivnim sudjelovanjem doprinijeli održavanju Seminara.

INVITATION

Dear Sirs,

University of Zagreb Faculty of Metallurgy, University of Ljubljana Faculty of Natural Sciences and Engineering Department of materials in metallurgy and Croatian Chamber of Economy County Chamber Sisak organize one-day 11th Scientific - Professional Seminar entitled as:

"Recent materials, technologies and management in founding"

The seminar will be held on November 23rd, 2018 in the premises of the Croatian Chamber of Economy County Chamber Sisak, Kranjčevićeva 16, Sisak, Croatia.

In order to strengthen the competitiveness of the economy, important parameters are development of a strategic and legislative framework for strengthening the competitiveness of the economy, specialization in sectors, improving the business climate and the development of business infrastructure, promotion and branding of priority sectors, promoting foundry as a desirable investment branch with a pro-active approach to investments, supporting development and implementation of new financial mechanism to support the economy, strengthening industry's excellence and encouraging cooperation between public, private and scientific-research sector for the development and appliance of innovations and new technologies.

The aim of the Seminar is to demonstrate creating added value in the foundry sector with attractive lectures from the implementation of the collaboration segments. Topic will be related to recent materials and technologies, organizational structure, management, reverse engineering and good practice of technological improvement of the casting process. Exchanging experience will contribute to creating a vision of development, identifying competitive advantages and setting the strategic priorities of each participant / company at this Seminar.

Given the relevance of the themes and the economic significance of the interested subjects, it would be a pleasure if you find an interest and accept the Invitation for an active contribution to the Seminar ***with a lecture from your focus of interest.***

More information about the event is available at:
